

ESC Congress 2023 | Educational Workshops

GE HealthCare, Abbott and Key Opinion Leaders partnered together to develop an educational program, including live demonstrations. Join us to learn more about the benefits of the Vivid Ultra Edition portfolio and Abbott solutions in different clinical setups.

Friday

25th
August

09:30-11:00 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Prof Augustin Coisne](#)

11:30-13:00 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Prof Erwan Donal](#)

13:30-15:00 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Dr Laura Sanchis](#)

16:30-18:00 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Prof Augustin Coisne](#)

Saturday

26th
August

09:30-10:30 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Prof Erwan Donal](#)

11:00-12:30 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Dr Laura Sanchis](#)

13:00-14:30 CET

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Prof Augustin Coisne](#)

15:00-16:30

Imaging the tricuspid valve: timely patient selection and role of echocardiography in tricuspid regurgitation transcatheter treatment

[Dr Laura Sanchis](#)

Sunday

27th
August

09:30-11:00 CET

Imaging the Mitral valve: timely patient selection and role of echocardiography in Mitral Regurgitation transcatheter treatment

[Dr Marta Sitges](#)

11:30-13:00 CET

Imaging the Mitral valve: timely patient selection and role of echocardiography in Mitral Regurgitation transcatheter treatment

[Dr Valéria Cammarelli](#)

14:00-15:30 CET

Identifying the right AF patient for device-based stroke prevention

[Dr Lange](#)

[Dr Martin Swaans](#)

16:00-17:30 CET

Imaging the Mitral valve: timely patient selection and role of echocardiography in Mitral Regurgitation transcatheter treatment

[Dr Marta Sitges](#)

Monday

28th
August

09:00-10:30 CET

Imaging the Mitral valve: timely patient selection and role of echocardiography in Mitral Regurgitation transcatheter treatment

[Dr Valéria Cammarelli](#)

11:00-12:30 CET

Imaging the Mitral valve: timely patient selection and role of echocardiography in Mitral Regurgitation transcatheter treatment

[Dr Marta Sitges](#)

13:00-14:30 CET

Identifying the right AF patient for device-based stroke prevention

[Dr Lange](#)

[Dr Marta Sitges](#)

15:00-16:30 CET

Friday

25th
August

9:00-10:30 CET

Learn by doing. Assessing left ventricle and right ventricle function using strain
Prof Jandranka Separovic Hanzevack
Dr Dejan Dosen

11:00-12:30 CET

Seeing is believing. Hands-on cardiac imaging with real beating heart, intervention and procedure training
LifeTec & GE HealthCare 

13:00-14:30 CET

Live scanning & Hands-on tricuspid echocardiography, from anatomy to full diagnostic
Dr Nicolas Merke

15:00-16:00 CET

Echo in Heart Failure- what is the status now?
Dr Tor Biering-Soerensen

16:30-18:00 CET

Live scanning & Hands-on aortic echocardiography, from anatomy to full diagnostic
Dr Konstantinos Papadopoulos

Saturday

26th
August

09:00-10:30 CET

Learn by doing. Assessing left ventricle and right ventricle function using strain
Dr Vlatka Rešković Lukšić
Dr Dejan Dosen

11:00-12:30 CET

Echocardiography with phone? It's in your pocket
Dr Nabila Laskar

13:00-14:30 CET

The future of your echo routine: how to perform a standard exam faster
Dr. Maja Cikes

15:00-16:30 CET

Live scanning & Hands-on aortic echocardiography, from anatomy to full diagnostic
Dr Konstantinos Papadopoulos

16:30-18:00

Live scanning & Hands-on Mitra! Echocardiography, from anatomy to full diagnostic
Dr Nicolas Merke

Sunday

27th
August

9:00-10:30 CET

Learn by doing. Assessing left ventricle and right ventricle function using strain
Dr Vlatka Rešković Lukšić
Dr Sandra Jakšić Jurinjak

11:00-12:30 CET

Echocardiography with phone? It's in your pocket
Prof Erwan Donal

13:00-14:30 CET

The future of your echo routine: how to perform a standard exam faster
Dr Eustachio Agricola

15:00-16:30 CET

Live scanning & Hands-on tricuspid echocardiography, from anatomy to full diagnostic
Dr Régina Ribeiras

17:00-18:00 CET

Echo in Heart Failure- what is the status now?
Dr Tor Biering-Soerensen
